**ACCESSIBILITY PLAN –
SELF ASSESSMENT**
How inclusive is your setting?

Approved by Governors _____

Reviewed: September 2017

Schools generally want to be fully inclusive, but sometimes are not sure what things need to be considered and may not have much guidance or information.

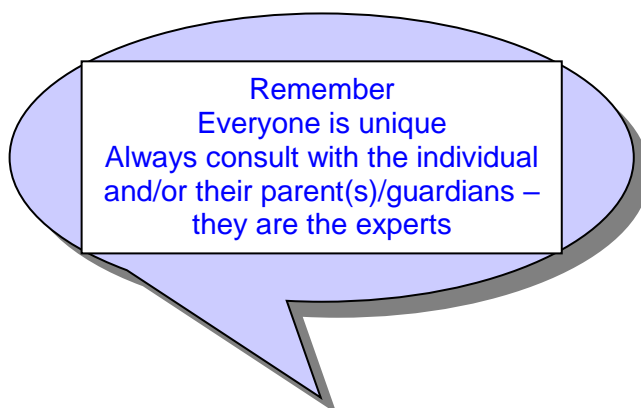

How inclusive are you now?

- Read through the twelve key areas where inclusion needs to be considered
- With your staff and governors discuss and highlight where you are currently within each area – are you in:

How will you become even more inclusive?

- Identify key changes that you can make quickly and easily and take immediate action
- Identify other changes that require greater planning, time and/or resources. Record these actions in a development plan with clear and specific actions, time frames and responsibilities
- Agree with your staff and governors when you will next review your progress e.g. 6 months
- Share your plan with those accessing your school
- ***Remember that the table below are suggestions, they are not prescriptive. They have been prepared as an aid to get you thinking and you can amend and change to suit your own school***
