

Sensory Equipment and Resource library Coronavirus Crisis Service Virtual Appointments on Tuesday 26th and Wednesday 27th MAY

During this current period of school closures, and service reduction, the Sensory Library is offering a new alternative service to our most vulnerable families and individuals.

Resources can be loaned for 2 weeks and will be delivered and collected by our volunteers. They will be cleaned and disinfected and no face to face contact will be necessary.

To access the library you will need to book a short video or telephone appointment. To do this please email aimisleofwight@gmail.com and we will send you a time slot or go to our [Facebookpage](#) and click on “**book appointment**” to book your slot.
